San Francisco, Ca. 94105

MEMORANDUM TO FILE

Date: August 8, 1986

From: *AB* Andria F. Benner (T-4-2)

Subject: Preliminary Assessment Review
Cyanamid Distribution Center Brea
2980 Enterprise Street
Brea, CA 92621
CAD000629758

Current Status:

The file for Cyanamid Distribution Center Brea is very sparse and there is no additional information to add to the file. See ROC of telephone call from Andria Benner to Mary Osborne, CA DOHS, dated August 7, 1986.

On August 15, 1980, Cyanamid Distribution Center Brea notified EPA under RCRA that it was a generator and a treatment, storage and disposal facility. Its wastes included phosphorothioic, 0,0-dimethyl, and 0-ester. No Part A application was filed. Cyanamid Distribution Center Brea, a division of American Cyanamid, stopped operating at this location in 1981, according to the parent company, Formica Co.

Recommendation:

I concur with the recommendation of Mary Osborne, CA DOHS, that either EPA or the State perform a RCRA generator inspection of this facility. The RCRA inspection should cover both the previous occupant, Cyanamid Distribution Center Brea, and the present occupant, Beckman Health Care Group, a reagents manufacturer. However because the file documents indicate that the waste material generated by Cyanamid Distribution Center was shipped back to the manufacturer in New Jersey, and there is no information on Beckman Health Care Group, I would assign this site a low priority for follow-up.
